

Drake, Tanaath & Sunfire June 5th

D. ON WHO HE AND Tanaath & Sunfire are-JUST WHAT IS HAPPENING?

D.- We have an Ambassador, Sunfire. We have a command leader in our (liberation forces) Silver Legion. I just happen to be a muscled foot soldier.. and What we have been doing is helping in the preparations towards liberation of the planet, getting rid of the bad guys. Now I know people have a lot of interests towards Intel reports and things of that nature, because this is (our liberation) not the only thing that is going on at this time. If there is ongoing things, tactical issues or other sensitivities they will not be discussed on this show. Many people do not want to be outed.. we respect those people, be they ET entities or whatever. I do the same for my intelligence people. Now here is where the fun and games start. The US military has been quite aware for quite a while, several decades of the situation of the fact that we are not alone.. you been lied to everybody.. the reason being they felt that the American people were too stupid to handle the information. They were absolutely certain that everybody would go out "hunting ET's" T.- Oh its more than that Drake! Its way more than that, its that they had an agenda and controlling the dissemination of information! D.- I ain't got that far yet! (laughing!) If someone really is serious, I'll qualify what T. just said and its called operation "blue book", look it up!

...what I care about is the truth.. what is going on...we have a transition coming up, the World did not come to an end on 12/21/12 SO APPARENTLY IT IS NOT GOING TO COME TO AN END, that is one thing to take note of!

Now several big changes come along with this.. we have the release of the collateral account which will change everything that everyone is familiar with, #2 because things will change for us all on a financial basis OUR SOCIETY WILL CHANGE where it is forced in a manner of living to also start adjusting RADICALLY (for the better) , If you add suppressed technologies.. and I'm gonna add some just stupid ones..2-500 miles on a carburetor.. its sitting on shelf somewhere.. cars that run on water, they killed that man and stole everything he had! Told his wife to shut up so she did, she told me about his personally. The rest of is "swamp gas, weather balloons" horse-hockey! They do this to hide that they cant do anything about it! So as T. mentioned yes they want complete control of the ideologies that we possess! (They don't want us figuring this stuff out, getting a good knowledge base to get "out of the box" and have the ability to exist without being REGULATED into their tax grab/Terra torturing system) They do not want you in good health as they want to sell you a little purple pill for the rest of your life rather than giving you a cure! So what we are breaking this down to is What is the Power? the Power itself is two fold One is information, he who controls information has the Power...the other one is financial leverage is what controls much of what we have been up against.. if you go objecting the government they "pull" your mortgage, lose your job you name it.. they do it just for fun.

The reason you are having all the "natural disasters" is because they are trying to make you reliant on a "big brother" to "take care of you" Well my Momma quit powdering my butt and changing my diapers a long time ago! And I have been kind of radical with a lot of things, some of the things I have done in conjunction with the ET's have been rather radical from what I found out (from them!) I didn't know that- Just something needed to done and I did it. Real deal is Societal changes, financial changes AND we are looking at a Transition (upgrade) of one dimension shift into another..(3D to 4th maybe 5th) its gonna be a rather obtuse experience.. its gonna freak some poor people out WHY.. because they didn't listen to the show, and get some kind of understanding of what is going on! This is the reason for the show, We are outing what they do not want you to Hear! That is why we are having technical difficulties! You have heard of "agenda 21", got to UN website to check it out...(fail!) Everybody has heard biblically of the so called "end times" (fail!) We can fix things so that this does not happen again! This is our last shot at Freedom! There is so much more to all this.. the ancient battle between "The Light and the Dark" is very real between the good and the evil, if our Earth, Our planet , Our country (the US)

being the crux of it.. FALLS to the bad guys not only do they win but all of the good over a long period of time gets stomped out. We got enough to deal with all the taxes regulation etc. that WE HAVE ALLOWED TO HAPPEN, I take issue with that and that makes me a "radical, nutcase" usually which is fine with me, except that what I have decided to do is come at it from a truth standpoint, the best way to get with the truth is to get with people who are the real things, these two ladies ARE the Real Deal! And you need to get used to the idea that there are other entities out there! Some of them look pretty different from what we are but who cares? I don't personally, I think its pretty cool to have something that is totally different from a Humanoid individual! (THIS IS WHY RACISM HERE, NOW IS downright RIDICULOUS!) Now the ET's, they look at us and they do not believe it...that a race with any kind of intelligence at all, would act the way we do! (genetical damage, astral/3D torture, EMF/ELF attacks explain our "Stupidity") However WE are the CRUX of the Balance point in terms of the existence of the Light in relation to the Darkness, IT IS SUPPOSED TO BE A BALANCE! of sorts and that balance has obviously been tipping in the favour of the darkness, so we are left with an option...(T)-its more than that!! Not only did it shift into the favour of the Darkness, but the Darkness went NUTS! They went insane...(D) in an ideal Universe which this was intended to be WHEN IT WAS BUILT, Darkness and Light would not have been opposing factions BUT would have been working TOGETHER for the harmony of all! There was no need for "evil" yet somehow evil came into existence, and that is kinda where the root problem in all of this is, and we kind of happen to be at the culminating moment of all this! And that is why we are doing something...this Planet and its people deserve a fair shot at Freedom, Everyone in this Universe deserves a fair shot at Freedom! This whole experience need to taken with an open MIND for the possibilities even, if not the FACT that most of what is in Star Trek is real, and going to be here, this transition is going to be really neat! (T)- yes it is really neat, there is no other better way to describe it than that. All those things that we were told are fantasy and fiction DO EXIST! Now its one thing to understand something as an intellectual proposition, its another thing to MEET Luke Skywalker or someone like that.. its a whole different proposition from even what I was expecting.. I've got the story (experience of) the Ninja who followed me home (26:35) I went out cruising the Universe (one night) and came home I didn't realize with somebody who actually existed! D.- It's marvelous! You can think of the idea that you can have living entities that are so extraordinarily different from you that your mind cannot perceive of them! other than a big blob of something! (27:47) Yet it is very intelligent and personable, and people have seen ghost busters, remember Slimer, imagine a big kiss or hug from slimer and you get the idea of the possibilities, and Tanaath, you can correct me if I am wrong, but this may be part of WHY handshakes and hugs may not be the best way to start the conversation..(T)- Pretty much, not everybody has hands..(D)-Yea, exactly! So we are going from a "we are the only ones" perspective to MILLIONS of species/races of living beings! You just have to "get over" the hump of the fact that this sort of "stuff" is real! (32:00)

ON AN UPDATE OF THE ILLUMINATI (6/5/13)status- D.- Uh yea, we pulled their pants down! and they are embarrassed. We got some public announcements dealing with the subject of power, that will validate things that I have talked about specifically dealing with WE THE PEOPLE and the ability for US to be FREE! So look forward to that being posted on my (americanationalmilitia) website. We will be having a show dealing specifically with the militias and other public officials that have finally stepped up to the plate, Its going to be really awesome as all of this comes about! Eventually culminating in the landing of the positive ETs!34:00 T.- Did anyone see the Paul Hellier (in Canadian Gov.) disclosure video on YT? (it is posted on FB by now) At least disclosure HAS started!

ON A RELEASE OF A ET RACES INFO.LIST-

T.-Not as of yet largely for security. Eventually Yes, not right away though. A comprehensive "who is who" is not even possible as we don't even know...S.-Yes! T.- There is just too many different groups out there that it is impossible to categorize all

of them.. but you will get sort of the local group that is for sure. S.- After the general disclosure here on Terra the Federation is planning to provide I quasi you could say a hitch hiker's guide to the galaxy kind of thing but it will only be the mender planets of the federation and systems, more like a tourist guide to the Federation, that is one of the things that is being planned. Yes but definitely because of security reasons its not going to be until after general disclosure.

WHICH ET RACES BIOSPHERES ARE HOVERING OVER THE N.POLE? T.- The Arcturians.

ON CARL SAGAN- T&S-no knowledge. D.- The knowledge I have is not supposed to be given out at this point. The man was correct in something's and not in others. Its like this- its hard to be definitive about things unless you are directly IN it (even then its hard to remember!) and a lot of it right now is sensitive to what we presently are accomplishing so a lot of it cannot be disclosed! Its like the intelligence info. I have got right now would blow some minds! but it not the right time to release it.

ON OPPT- T&S-no knowledge, especially because it is financial. D.-what you have to understand in this OPPT business is that IT IS A FARCE. I talked to the man involved who wrote the (original) paperwork.. that is not the same paperwork (that is posted currently) among other things.. you are dealing with thieves, and liars...What are they on the run from is the authorities because they did things that they were not supposed to do. You do not get into starting civil wars in countries! that's a no no period! It violates many international laws.. now I'm not saying a change in administration by in some case by whatever means necessary, that may not be the case, in some cases that may be the only way.. However you don't go calling for the people to rise up against authorities that have not gone after the populace! The fact that the OPPT ran to the hills instead of answering the questions the authorities have for them, tells me that they have done something wrong even more so. YES the OPPT is trying to take money from individuals, Absolutely.. those little courtesy letters they are putting out.. don't use them-they are not worded correctly!

ON Garabandal SPAIN, ("grove of 9 times..") PROPHECIES-

T.- Did we have any assurance that that prophecy was made by any actual genuine being or authority I mean, its all well and fine for somebody to come around with a holographic projector make a "Miracle!" and cow some people who don't necessarily have the means of believing them, and say "oh this is gonna happen.. this is gonna happen" DOES NOT MEAN IT IS ACTUALLY GOING TO HAPPEN! If it is something that can be faked ASSUME THAT IT WAS. And that (what questioner described) is something that could have been very easily faked! (44:03) Even with existing technology that we Terrans have, and sure as heck the visiting Et's had the equivalent tech. back then! So I have a real issue with these claims, prophecies because I can't guarantee the source is what they claim they are. D.- I'm gonna go a step further.. TAKE THE RELIGIOSITY OUT OF IT PERIOD. I don't care who you are and how you choose to believe. Do not agree to an absolute that is written in any belief text, the reason being is that the bad guys wrote those things! they are contradictory! the bible, the koran etc...True Source, Godhead is not contradictory! I have studied this particular prophecy asked of and it does not have any validity whatsoever!

ON CHILDREN'S ABILITY TO CHOOSE BETWEEN 3D OR 4D?

T.- A lot of children are a lot more aware and in tune than people are giving them credit for...S.-I agree! T.-Its not going to be as hard as people are thinking.

48:30

ON A LISTENER DISAGREEING WITH T&S account of the Annunaki being neutral now.. "that's convenient for the AC" T.- The Andromeda council as far as I know has never voted to "let the Annunaki in" (as listener stated) The Annunaki are NOT a "died in

the wool evil" (race) they are at worst "opportunists" kind of like a yeast infection! (laughing) They came in without the invitation or consent of ANYONE, proceeded to have their fun and then when things got too hard they packed up and left with a shaking fist saying "we'll be back" and now they are not capable of being back, there might be some fragments but as a society they are no longer capable of any sort of mass revenge or anything of that kind of thing.

IN 4D VERSION OF "MY CAR"

T.-I have no clue, don't worry it will be taken care of! I wouldn't fixate on any one thing, its not good for you, one good fire and its all gone! All stuff does is make your life more comfortable. Denise- Yes, right, So we will have different things to make us comfortable!

ON OUR APPEARANCE/age POST TRANSITION-

T.- I think you will be about what appears to be about mid twenties to mid-30's, although if you were older than that you can make yourself look older, that is your choice. You are not going to be able to pick and choose parts you will be able to look like what you have looked like in the past or looklike an idealized version of yourself but you are not going to be able to go thru a list of celebrity qualities you want and have them.. so its not going to be a pick and choose grab bag.

51;57

ON THE LAW OF ATTRACTION'S meaning being "the process of manifesting desires into being"- T.- Yes pretty much, its a principle much more than it is a law unless you think of it as sort of a gravity.. but yea the principle is basically that whatever you are putting all your energy into that what you are going to get!

ON LOCAL ET RACES-S.- Colonies on Mars originally a combination of Sirian and Lyran genetics. T.- I also don't think that the Venusians had any impact on the development of the Human species. S.-Right.

ON A LISTENER WORRIES OF BEING ABLE TO ASCEND-("due to reptoid blood or from unresolved emotional issues") T.- If you have a heartbeat and you are here on Earth and you have not decided to pack up and go somewhere else, You are going to ascend. It has nothing to do with the percentage of reptilian blood. It has nothing to do with your attitudes thoughts and feelings and emotional state...those things, well the reptilian DNA you can't help, BUT your attitudes your emotions your thoughts all the things you have gone through in your life.. it helps to do the self work to deal with them not because its going to be a deciding factor in whether or not you ascend, because it isn't! You are gonna ascend if you are here! But you want to do the emotional work for the reason that this transition will be a heck of a lot less shocking and traumatic for you!

ON PERSONAL STORIES OF KHYLA- T.- I chased Morai, his partner, around a space ship for hours trying to get him to do something he was supposed to do.. now he can teleport so it made it very interesting! S.- The one thing about the Procyons, especially Khyla is that there is no end to their imagination, (in a 15 ft. tall being!) T.- They are very "naughty boys" in fact they are notorious for that. (mischievous in a good way!)

ON CHURCH BELLS BEING RUNG- D.- That was my idea, that when the liberation happens that church bells all over would ring out.. I have contacted just about everybody I know with a church bell. T.-That a pretty cool idea!

ON THE "VULCAN VERVE PINCH" being TAU CETIAN- T.- Yes they have something like that. D.- I have looked into this, if you put into the maneuver some sort of chi energy it works just like when Spock did it.

ON WHAT HAPPENS TO OUR ORGANS OF DIGESTION POST ASCENSION- T.- The organs become vestigial, and that also means that if you ever have to go back into a physical dimension, they will still work. Our connection to the planet becomes more energetic as opposed to matter connection..(physical waste) LIFE WILL JUST HAVE NO MORE POOP IN 4D EVEN ANIMALS!

HOW WE BOND TO OUR HOME PLANETS- T.-

Every living thing is heavily connected too their planet of origin.. in the cases of for example there is a mutual reciprocal relationship between the people of a planet and the planet itself, in the Tau Cetian case, all Tau Cetian Planets produce a certain kind of crystal which the planet will then give to them to use to power their Star drives in their ships, as well as the crystals presence on their ships help them maintain their connection to their home planet even when they are in space!

Denise complains of not being able to pronounce some words well- T._ that's okay I have something called Dislalia, its part of the cluster of conditions that fall under the label of Dyslexia, that means that sometimes I have a decidedly difficult time "speeching" Denise- I was an English major it just sometimes when I get information overload sometimes I get "brain mouth disconnect"

ON WILL THERE BE GENITALS, NUDITY TABOOS IN 4D?

T.- Nudity taboos vary widely by culture but a lot of people just don't care, clothing is done because it is fun functional, not to cover nudity, yes genitalia still exist. people do not really fetishlike it to the extent we do here, think of some of the societies that do not fetishlike women's exposed breasts, it's kinda the same thing. When it comes to sex it definitely does go on quite a bit. I actually asked an Andrani friend straight out "do fluids still exist?" and he assured me that they do because they are fun! S.- yes and all of this continues for thousands of dimensions and up! T.- Yes as far as I know you NEVER turn into a "sexless ball of Light"! ...unless that is what you want. FYI- Swearing, scatological references and Terran terms being adopted by ETs/EDs. S.- Yes, it is a two way learning process going on between us, Terrans and the ET/EDs, (more than just swear words, but it is a sign of the learning of each others culture/ways..)

ON ZETA'S? are the Zeta's angels?- D.- I would say so we are discovering groups that we did not know were here, and have been working at this for a while...the Zeta's as far as I can tell are positive and seem to have their information straight. T.- Are you talking about the Zeta Reticulum? D.- Didn't get that far.. T.- Cause our experience with the Zeta Reticulum is that they are kinda flaky.. D.-well didn't say so I am not going to say that everybody is right in what they do because nobody is.. I haven't found anything wrong with the zetas okay.

ON SEX IN 4D+ T.-Usually at that level one usually has some sort of psionic or empathic ability, let's just say that sex just gets better and better.. there will be NO MORE PAIN during sex for anyone anymore, like it is for some here on Earth right now. All other dysfunctions of sex and sexuality are not going to stick around either.

ON WHY ARE WE WORRYING ABOUT THE TRANSITION?

T.- They are worried about it as they are not used to such a change that is totally outside their paradigm that they are used to. I am not worried about these things, as they have a way of taking care of themselves, everything is going to be alright, everything will work out.. that doesn't absolve me of the necessity to do my work by any means, nor does it absolve anyone else attempting to do the self work to make this easier on themselves, but YES this IS going to work, THINGS ARE GOING TO BE ALRIGHT!

Denise clarification.. people think the ascension will take care of the cabal.. so why are we even concerned with bringing the cabal down? S.- The ascension is NOT going to take the cabal down, that is a passive stance. If the cabal are here when ascension

happens they are going to ascend along with everybody else! T.- It's going to be a lot harder for them to operate in the open (due to our telepathic/empathic abilities) I think even in the 4th dimension infiltration can occur, Khyla and the people of Procyon and Kayna is an example of a 4D infiltration...systematically infiltrated and co-opted against the inhabitants will be by the Draco/Ciakar..in other words getting rid of the cabal is just something we should do in terms of not allowing that level of subjugation to take place on our planet at any level.. it will be harder for the cabal to pull their bag of tricks if they stay, but that does not mean that their opportunity for them to make life miserable for us is not gone! So we would really like to put them in a position where they are not ever able to do that to anyone ever again!

1;26

ON INDIGENOUS TRIBES ON NOT BEING AWARE OF THE TRANSITION- T.- Don't worry that will be taken care of, we do have ways of contacting isolated tribes. S.- not likely it will be whoever are the progenitors of that specific tribe will be making the contact, which will make for an easy contact experience as they will look similar to each other, speak the same language.

ON ORGONITE- T.- I know orgonite works, I am not an expert in its use, I don't know if matters or not.. I do know it is good for a lot of things, "gifting" is a totally awesome thing! Burying, or tossing orgonite around the base of things made to cause harm will cause them to DO GOOD instead!

ON HOW SPECIAL OUR TRANSITION IS & HOW OTHER BEINGS ASCEND WITHOUT THE WHOLE "MOVING INTO 4DSPACE" part-

T.- A lot of times it is on a personal level, occasionally entire planets will ascend, well there is a recycling that goes on, on the surface of the planet as in the sentient inhabitants are usually taken off the planet, recycled and then they come back in and resettle if they are the right vibration...anything that does not get taken off is pretty much recycled along with the planets surface, but it is not very frequent that an entire planet changes frequency like what is happening here now. And it is not very frequent that the population of an entire planet goes through it with a planet at the same time simultaneously WITH THE PLANET! S.-As far as I've heard it is the first time in the Universe's history!!!

1;29

ARE we on Earth the real "dummies"?

T.- NO, that implies that you are stupid. The people of this planet are capable of a lot more than they realize, we are not dummies, we have been lied to, and tricked, suppressed and oppressed.. that does not make us dummies, I get kinda upset at people, and I will call them people, even if they might not be from this planet, but people who suggest that Terrans are stupid because this has happened to them, NO, not the case. I've got a great deal of sympathy after having spent several lifetimes here, being subject to all the same traumas and programming and indoctrination that everyone else is.. I cannot ever agree with the stance that we brought this on ourselves! Its just not possible.

ON OUR PLANETS OF ORIGIN- T.- I have a personal policy when it comes to telling people what planet they are from- I don't do it. Why? I could be wrong, I could be mistaken, I could only be seeing part of it AND if I tell you this and you fixate on it, I LIMIT YOUR PERSONAL GROWTH! So I wont do it, its un-ethical. S.- What I recommend is finding meditation techniques that work for you as an individual, ask your own inner self, your inner voice, and find out deep within yourself where your planet of origin is, and just who you are...the most purest form of what you can learn about yourself comes from within yourself!

T.-Exactly, whenever somebody says to you "oh you are Pleiadian" that may or may not be who you are, but they have automatically limited you by doing that! AND there is lots of other good guys out there than the Pleiadians, that just seems to be everybody's default, "oh you are from off world-you must be Pleiadian!" NO. S._ One

of the best pieces of advise I have ever gotten from Drake is ACCEPT NO LIMITATIONS! T.-Exactly, accept no limitations or IMITATIONS either!

ON INCARNATES RETURNING BACK TO THIER PLANET OF ORIGIN WHEN TRANSITION HAPPENS.. will any incarnates be here on Terra after it? T.- Yes, there will be a lot of work to be done healing this planet, people will have the option to return to their home territory, they will also have the option to stay and help. I intend on sticking around at least a little while at least until Earth has a stable defense force, so that it can defend itself from external threats. For instance the SL is going to stay around for a bit, even though we have other places to go and this isn't our home! I know a lot of Fae incarnates...their real work is going to begin after transition, when they are going to start helping with the healing of the Earth, recovering of all the damage to Nature, so it really depends on the individual mission. Some people came here activated fully in the lead up time, others came here with their real activation afterwards, and that's when the real party begins for them!

DESCRIPTION OF ARCTURIANS-

S.- They look human, except way taller and slimmer. They are 4th,6th,7th dimension.. I have had personal interactions with persons who are Arcturian incarnates, as well on a higher dimensional level, I have quite a few Arcturian friends, they work very closely with us and are part of the Federation, and being a Federation diplomat I interact with them quite often when I am up there! They are very nice, very smart, and pleasant people! 1;38

What are Tanaath's and Sunfire's ages? S.-that's not polite to ask in Terran culture! They are both in thirties. Denise- you did not have to worry about telling your age... T.- WE ARE ALL MOSTLY "CHILDREN" (IN AGE) BY THE STANDARDS OF MOST OFF-WORLDBERS!

Tanaath said the inhabitants of the middle Earth have been evicted by the Mother Earth? WHY- T.- It turns out that they had something to do with keeping the status quo, they were kicked out on the basis of that. Gaia is really not happy about anyone trying to clip her wings (stop her from ascending, getting free!) and she let them know in no uncertain terms, yes they were evacuated to somewhere else, I don't like them enough to really keep tabs on where and why. S.- Tell them what Gaia "said" when one of her diplomats asked what her opinion was.. T.- I don't remember.. S.-I thought that when one of the ones was a Telosian who was protesting the loudest had a boulder dumped on his head! T.-Oh right, Yes-one of the people who was stridently objecting to this measure (of them leaving because they were doing us, Earth harm.) well a part of the cavern fell down and crushed his head followed by a small EQ. So She made her opinion clearly known.

IS THERE ANYTHING IN OUR PHYSICALITY (abnormalities)THAT CAN PREVENT ASCENSION? T&S-No.

IF A PERSON HAS HAD LONG TERM HEALTH ISSUES WILL THAT CONTINUE AFTER ASCENSION? T.- No you will be a PHYSICALLY an IDEAL VERSION OF YOURSELF! No more chronic, long term health issues. If you are looking for help with gusto intestinal issues try eliminating gluten and wheat products, if you are really having problems try eliminating dairy and eggs and see if that helps! D._ eliminate Mcdonalds! T.- don't feed your animals wheat and whole grains either!

WILL THOSE WHO STAY IN 3D HAVE AN EVEN TOUGHER TIME FIGHTING OFF THE DRACO? T.- No because we plan on reducing the Draco population so much that, that wont be a factor for one. The other is that they are going to another planet and it is going to be protected, in other words there is not going to be anymore sleeping on

the job! S.- And as far as I know this planet is far into what is called the neutral zone and is fully protected from any incursions.

ON ARRON GREEN HICKS AKA ARRON ROTHSCILD recent video & Kerry cassidy's "ominous" statement that she knows what is going to happen "timeline/parallel universe wise"-confirm?- T.-that does sound pretty ominous...I would have to say I am not too concerned. I am not too familiar with the material, so I really cannot weigh in on it but I do know something's about alternate timelines/realities and parallel Universes and I got to say that honestly WE DO NOT NEED TO WORRY! D.- The thing is Cassidy listens to a lot of fear porn.. S.-yes T.-Yes she is pretty up on the fear porn. Denise- Yea, as are a number of other people!

ON ANDRANI, Antares, red giant planet population? & what is the living situation sex-wise in the culture? T.- 300 million just like here on Earth (just more spread out) And a funny thing happens when it comes to the Andrani communities, they do live in mixed communities, they get along pretty good, although they may not want to be taking each other home from the nightclub. The women run the civil society almost entirely and the men run the military almost entirely, so they'd definitely have their separate spheres and they like it that way, there is "room for crossover" if that is so inclined. As far as the size of the planet it is so larger, that it is 3 times the gravity of Earth! So they tend to be short compact and very muscular to us! Little short Greek god looking people! S.-They are wonderful people they are the progenitors of the Terran Greeks!

ON EGO'S IN HIGHER DIMENSIONS & SOME UFO SHOWS PRESENTING TERRANS AS STUPID WITH ARROGANCE ISSUES-What sort of space folk would hold these opinions of US? T.-Well the reptoids for sure. S.-Yes the reptoids, the Alcyons who were the ones who "sold" Terra to the reptoids.. yup they exist even up to higher dimensions. T- Yes there are some bung-holes who suffer from superiority complexes. We'll take them down a peg or two when we catch them. Higher dimensional does not always mean better. There is even differences of opinion in higher dimensions as well, as people who still suffer from inflated opinions of themselves in relation to others. And yes this means that there are egos in the higher dimensions, I know there are some people who would like to tell you that this is not the case, in order to make you think they don't have an agenda, but yes there some people who still have egos at a higher D, you see less of it especially among positive societies and it isn't all consuming.

ON THERE BEING ROOM FOR ALL OF US HERE AFTER ASCENSION WHEN WE LIVE 100+YRS? T- First of all not everybody is going to go into the next dimension, a lot of people will opt out, right Drake? D.- What I have heard from the people that know, a lot of people are not even going to entertain the idea, so they are going to have to go somewhere else, which is not an option as the planet is going through a transition and everything on it goes with the transition. Now think about this, YOU can play around on the planet, or you can go get some training and go exploring around the universe.. I bet you we are going to lose half the population of younger folks off to star trek wonders! T.- I have heard estimates of as much as 40 -60% choosing NOT to ascend. So there is going to be a good chunk of people who don't want to! Its fair that the choice will be made by the individual, NOT forcibly, they choose not to because they want to! Then there is the chunk that is incarnates and aren't necessarily going to be considered as Terrans, then there is the naturalized Terrans who will also have a chance to go back their home world/people, and then there is a chunk that is left over, many of whom will probably get space fever and want to get out there and start exploring. We are thinking it might be up to 1-2 billion people who will opt to stay on this planet on a permanent/semi permanent basis. (1:57) And among all of them you will not be looking to reproduce right away, its typical to have 100 or more years between children. S.- most planetary populations come to self regulate themselves like any other animal species. (esp. when we will have control

over our reproduction again!) D.- I can just see the average teenager wanting to cruise the Universe! T.- Yes and the SL will be recruiting, its gonna be a lot more fun than the army! S.- Yes and the same for the Federation, even if their planet is not a member we do not prevent an individual from joining up for the Federation.

1:59

ON OUR ALLIES-

Of listener query of a "final solution"?

T.- What "final solution" is being referenced? If its hitler's final solution then we don't condone that! D.-No this is the "futuristic" final solution. Its a combination of things.. hitler's solution and a "possibility" of, and this is one of the outtakes of so many people would be interested in going someplace else, that nobody would be home. That the Human race would not even come back even to their home world, folks, you are getting into the twilight zone believing in things that almost impossible to actually take place! The "final solution" of ET being superior and "lording" over us is not going to happen.. I know them and they are not like that! Second part of that is that they are going to help us as much as possible to become not only what we were supposed to have been in the first place, BUT to even exceed the levels that they are at! The ideal of a Teacher or Mentor! T.-We do have allies who go by the philosophy "Speak softly and carry a big stick" and the cabal are aware of this so I'm not too sure of just how much they want to push the limits of that!

ON FAMILY PASSING PRE-ASCENSION-

T.- We can't control life and death, things like that trust that your family member will be there for you ! whether he or she is in the 4th dimension or the 5th dimension THEY WILL BE THERE FOR YOU! We don't have the means right now to physically intervene (with people who are critically ill right now.) There is a concept of "when its somebody's time", when it is, there is not much that you can do. I don't know if this is the case with (listeners) loved one, I don't know if you can "pray" her well", certainly we talk about the power of positive thought and the principle of attraction, those things certainly wont hurt your loved one, other than that I cannot give a definitive answer on your question except to say you are not going to lose them permanently, they will be there for you!

ON WHO SUNFIRE IS-

S.- I am located in the USA and I am a Tau Cetian incarnate who is a Ambassador for the Galactic Federation of Planets.

ON WHO WAS THE FIRST RACE IN MILKY WAY GALAXY-

S.- As far as I know it was the Lyrans, I do not know where they came from at this point, they may have came from a different Galaxy, I think that maybe they were from even the Andromeda Galaxy.

ON WHO CREATED OUR SOLAR SYSTEM?

S.- Source created our Solar system, but from the ("time" of) original creation multiple races that are capable of geo-engineering planets, stars, that kind of thing, since the "dawn of time", or dawn of existence in this Universe anyway.(2:04) Making changes and tweaking things, and doing this and doing that, what I am saying is that they have all had a hand in making changes to our Solar system since the "time" it had been created.

ON WHO CREATED EARTH AND ALL LIFE HERE?

S.-Earth was created in the Ursa Major system. I don't know who specifically as a race who created the planet, it was moved here from that system and it has been moved about three or four times since and there has been multiple different races that have contributed to the plant life and animals and Human population as well here on Earth. Like hundreds of different races!

ON WHO WAS THE 1ST RACE OF BEINGS ON THE EARTH, who brought them here? S.- It was Humans! The reptoids like to claim it was them, but they are wrong, it was Humans. And as far as who created Humans, it was Source. Higher dimensional Beings that create Human populations and other different races and beings. I don't know who specifically.

2;06

ON PHILIPPINO GENETIC ORIGINS- S.- I believe that they are an off-shoot of the Asians, and most of the Asian races were created by a combination of a large influence of Procyon and Andrani combining their genetics and just kinda seeing what happens, I know that there has been some reptoid influences in the Asians (like most other races on Earth) but mostly it is Procyon and Andrani.

ON FOUNDING RACES OF THE MILKY WAY GALAXY,
ON VEGAN'S, People from the Vega star system- S.-Vega's are the predecessors of the Sirians and Nikotae. Dakote, the African Americans, Amazonians, the Lyrans were The Lyrans and the Vegans were two of the founding races of the Milky Way Galaxy from what I understand. And the Lyrans were behind the creation of the more lighter skinned races and the Vegans were behind more of the darker skinned races. (2:07)

IS THE ABILITY TO REMEMBER PAST LIVES A NORMAL ABILITY THROUGHOUT THE UNIVERSE? S.- Actually it is normal for everybody across the board and all other 3D races that have not been manipulated by the reptoids or some other mal- intentioned race could not remember their past lives...the reason why Terrans don't is because of the intervention on a genetic DNA level by reptoids, Annunaki, when they were messing around and the various "veiled systems" that have been out in place and ARE BEING slowly peeled away. The various soul traps, memory/soul wipes and that kind of thing.

ON COMMENTING OF EXACTLY WHAT IS BEING DONE TO COUNTER WHAT IS HAPPENING ON EARTH?

S.- A lot of that is tactical information and I cannot reveal, it is classified. T.- I just want to say that is a very answer, We are keeping a close eye on the situation, We are well aware of things that are going on, but like Sunfire just said that is tactical information and we would rather not advertise everything we are doing to stymie the other side!

ON SPECIES AND WHAT THEY BREATHE? and is cross breeding between them possible? S.- There is not only among the Humans, but among all the other sentient species there is all different types of breathers. One of the most commonly well known Nitrogen breather is the Draco reptoid. As far as cross breeding between different types of breathers, I have not heard of it being possible.

ON STRONG ASCENSION SYMPTOMS, consciousness' shifts- T.- I have heard of it, I am not deeply familiar with it. D.- There is a whole lot things that people are going to experience that they have not experienced before, those are not very limited to what people might see having a dream or just suddenly feel. As we approach closer and closer to the Transition more and more sensitivities are going to start popping out, its like a "spiritual puberty", in this case the pimples are in your mind! And if you understand the different realities in terms of what happened on the matrix, as opposed to what our (actual REAL) reality is.. who says our reality is different from that, think about that! So possibilities, the capabilities, the willingness of a person to think about the possibilities that there are things going on...We are being told about them but not everything. You cant cover each and every individual, You got a different set of fingerprints from everybody else, SO you ACT, re-act just slightly different from others, the idea is to get the general information on it out, so that you

an get a handle on it (and be able to handle the shock of the dimension shift without experiencing it that way!) 2:13:10

ON THE CREASES ON ONES HANDS BEING INDICATIVE OF STAR RACE? Or a Barcode or brand on our DNA to mark our owners? T.- That is the first time I've heard of it. S.- I would say that pretty much none of that is true! Because there is more than just the Lemurians and the Atlanteans (who were NOT the archons) There are 22-23 ET races that have contributed to the genetic engineering of the current Homo Sapien Human Terran, so to narrow it down that far would be unwittingly putting limits, where there should not be any.

ON AGARTHANS/ TELOSIAANS/ LEMURIA & MU-

?Tanaath mentioned on the last show that some of the people living in the hollow Earth are some of the bad guys, and that the Agarthans are neutral.. the last remaining refugee Lemurians from MU are living in a city called Telos under Mt. Shasta in California, is this true...?

T.- They are like 5th and 6th dimension, Yes they are really there, they are not exactly on the "happy list" right now. It was a Telosian that got the roof dropped on him. (They were removed from the middle earth at Gaia's request.) S.- There is a difference between Lemuria and Mu , one of the things that really grates me the wrong way is, Lemuria was where Malaysia is and Mu Pacifica was the great continent that used to be in the middle of the Pacific ocean. So they are not one and the same as many are trying to cause confusion over.

ON AN OLD STORY OF DRAGON & UNICORNS BEING ENEMIES? to Tanaath, was that your race or the reptoids? T.- Unicorns are not enemies of Dragons but they certainly are enemies of reptilians. Unicorns, Pegusai, Alicorns, or Uni-Pegs (all exist) I would not say they were created here, but they were brought here! Many positive planets have them! You don't own them they own you! (laughing) As a Dragon who is currently "owned" by a Uni-Peg I can attest to this. Kazar the name of her Uni-peg?) has quite a bit of input into my life, I can choose to quibble with him, but he makes his opinion known. S.- You have to understand if you are confronting a Uni-Peg you are facing a razor sharp 2.5-3 ft horn that can also shoot energy as well as them being an equine species, they got legs and they know how to use them.

ON WHO TANAATH IS- I am a Canadian , I am a private citizen, I have to the best of my knowledge have never been in the public eye, so you are never going to have seen me on a Youtube video, or on tv or anything like that because I have never made a deliberate appearance on any of those.

ON CHEMTRAILS, IF NUKE PLANES/WEAPONS CAN BE DISASSEMBLED THEN WHY CANT THE CHEMTRAIL PLANES BE?

T.- That is a very convoluted question to answer. There are a lot of reasons why we can't just stop them, a lot of that being that we don't wrongfully take out innocents! And also so that we don't give any false fodder to the false invasion scenario that they want to spin so badly! We would really like to ground them permanently, and we are working on that but again that falls into the realm of confidential operational information. S.- And also it comes to priorities and resources, when it comes to deciding about a potential EMP attack or false flag event or rounding up a bunch of chemtrail planes, it is not something that is of immediate threat to the global population and you only have so many resources, what are you going to do? Are you going to take out something that is of immediate threat to the population or something that is about as annoying as a fly?

ON THE NIBIRUAN COUNCIL, "Crystal temple network connect to Mother Earth" @ Stonehenge, England T.- Whoa, I don't think Stonehenge was having anything to do

with that! Stonehenge was doing something else! (Drake laughing) Its got "Nibiru" in there and people just "loooove" their Nibiru, but I am sorry Nibiru is not a factor anymore! S.- I would say anything that has the words Annunaki or Nibiru in it has already been dealt with, or is a bunch of horse hockey! T.- Or its a small band of hold outs, that really don't have enough Ummf to follow through on their threats.

ON MERMAIDS being real-asked but not answered..
back at 2:30

ON CHEMTRAILS, if you are not able to stop the chemtrail planes but can clean up the sky, why are those nasty toxic dark marks in the sky still? T.-It is a process, not an on and off switch. We keep cleaning up , they keep spraying. Sooner or later they are going to have run out of resources to do so, at which point we will still be cleaning up the spraying (until it is gone.) Honestly we are not the ones dictating what those guys are putting up in the sky, we are just doing our best to clean up after it. It will get taken care of eventually, it is not necessary to freak out over it in the meantime. I mean if it gets you hot enough under the collar so that you step up and do something CONSTRUCTIVE about it, then its motivating you to make a positive change, but complaining about it when We are (and will continue to do so) going to fix the problem. we are doing as much as we can right now, we are limited our hands are tied, when our hands are no longer tied we will do more. S.- taking apart the planes on land wont work they will just re-build or make more. And they are not just using jet planes they are putting the mixture into passenger jets! (the innocents that Tanaath spoke of.)

ON THE AREA UNDER MT.ADAMS, possible connection to Mt. Shasta? S.- As far as I know there has been quite the battle going on over the base area under Mt. Adams for a long time. There was positives that lived under there, and then they were kicked out by the Greys, then came the reptoids that kicked the greys out, then another race came and kicked the reptoids out and now they are there.. I don't know who they are , or if they are positive or negative. I do know that as we mentioned earlier that Telos was cleaned out, so there is probably no connection between the two.

ON SUNFIRE OR TANAATH HAVING VISITED MIDDLE EARTH?

T.- you would not be able to get me to set foot in there without a huge able- Body guard! S.- We did have diplomats that visited down there initially as part of the negotiations, but that is done and that area got cleared out.

ON INDIGO, CRYSTAL CHILDREN AND THIER DNA QUALITIES- S.- There is crystal, rainbow, indigo children.. its all basically another term for INCARNATE. And from what I understand is that they are being born with up to 3 and 4 DNA strands activated instead of the normal 2 that most people have. And that is where they are getting their (immune sys.) /DNA resistance.
(2:36)

ON FINDING INFO. ON THE ACTUAL HISTORY OF THE EARTH? AKASHIC RECORDS.- I would start with finding a book called "Worlds before our own" by I believe Brad Steiger, there was a website called "forgotten Age of Research by Joseph Robert Jochmans? that was also taken down, you guys can find any of his articles.. also "defending Sacred Ground" by Alex Collier is a good introduction to the history of the Galaxy and of Terra, and I would say if you can access the Akashic records then fly around there! There is very little in the public domain that is accurate these days , Ancient aliens the TV series they show a lot of very important information, very valuable and important information.. T.-if you can stand the host! (David Childress) S.-What I don't like about the series is that they are trying to fit it into too short of a timeframe (to be able to tell the whole story comprehensively) The Human

population has been around 400-500 thousand years in its current form and they , (historians) are still trying to bash it all down into about 10,000 years! So just like take what they are telling you and just "stretch it out" a lot further.

ON ENTERTAINMENT & IF 4D HAS A MOVIE INDUSTRY? T.- Umm not quite the same, I mean there is various forms of entertainment. There is quite a thriving Holo-deck industry, where you can get holo-deck programs, and when I say industry, I mean these programs are just given and traded around to anyone who wants them, because we don't use currency and we don't use a financial system. Yes there is entertainment out there, people love movies, people love reading, people love playing in the holodeck, and in the arena too which also functions very similarly in that regards. There is a group that are copying a lot of our (Terran) media and transferring it or adapting it to the hole. or even to the arena, if anybody here is familiar with the game Skyrim. There is an arena program that allows you to play it in a fully immersive first person, forget screen and mouse-you are running around and using your bow and collecting armor as you go, So there is fun and games, there is entertainment. There is things similar to movies, there are creative endeavors, there are people who like to write and create stories and things like that, so you are not going to lose entertainment! S.-There is even nightclubs! one of the things that has opened recently on the planet Zeta, They took a scan of every single roller coaster here on Earth ever in existence, and they modified them to operate in Zeta's atmosphere, improved safety and opened this huge amusement park! It is apparently being added to all the time, as all these ship builders are coming up with these ideas for roller coasters. T. I bet my bacon loving brother would love that park! I also know that camping is a loved entertainment! My bacon loving brother followed me in spirit projection when I went quading, fell in love with quading, designed a hover quad of his own that was designed to function as a quad, without doing all the damage to the flora and fauna that terrestrial quads do, and now hover quads are all over the place and I would not be surprised if he is not already monopolizing the roller coasters! S.- For treats instead of soda stands they have fruit stands, juice bars, with the fruit they have on Xeta or whatever other fruit the Tau Cetians like.
2;44

ON TANAATHS FAVORITE BOOK- Tanaath's favourite book as a child was a book by Mercedes Lackey
It turns out that we pick up on quote un quote fictional Universes, other Universes get those too.. she caught Admiral Mander reading this book on another Universe and is much more explicit than the version of the same book in our Universe.

ON SUNFIRE'S FAV. MOVIES- My favourite is the movies all the ones from Star Trek Next Generation. If people want to know what life is like out in space-go watch Star Trek!

ON STAR WARS- S.- Star wars was based on the Lyran wars about 4 billion years ago, from what I understand, there was a very wise ET whom I know personally among the group, that mentored George Lucas and his team, and that the character of Yoda is actually based on him!

ON DOWNLOADS OF NEW LEARNINGS-(LIKE NEO IN MATRIX LEARNING KUNG-FU)
T.- Yes we do that with languages. We won't have that ability until after the transition. It takes a few hours to get the language, and a few days for the knowledge to settle in fully and be fluently speaking the new language. Most of the people I know speak up to 40-50 languages. It will not be so hard for us to learn new languages after transition, as it was more difficult for us to process to make it hard for us to communicate, to discourage us from coming together based on our similarities, keep us divided communication wise and globally, the whole Divide and conquer philosophy.

ON UNIVERSAL SYMBOL LANGUAGE IN CROP CIRCLES- S.- The most complicated language known in the Universe is the Universal symbol language. Sanskrit is one of the most common business languages used in their interactions by the Andromeda Galaxy and the Milky way Galaxy. T.- The Universal symbols are often used in crop circles. Not all are serious, some are jokes, pranks. Not all though, some are genuine uses of Sacred geometry that are being made in order to help balance Terra. Some are communications with us directly some are threats directly to the reptilians.

ON DURATION OF EDUCATION IN 4D+ S.- Because we will be living much longer our education will last from anywhere between 200 years and can go up to 300-500 years depending on the level of knowledge the individual wants. People never stop learning so long as they are alive really.

ON TANAATH AND SUNFIRE'S RELATIONSHIP- No they have not met in person in 3D, they have met in the astral, "space"-in higher dimensions. They have known each other for a very long time, traveling across the Universe and multi-verse together. They were both on Tau Ceti at the same time. Their nicknames when there were "Thunder and Sunlight" Denise- Have you met drake? T.- Again not in "meatspace" (3D), her ability to travel is kinda perturbed at the moment.

ON SENSATIONS LIKE TEMPERATURE IN 4D- T.&S.-Yes we will feel temperature like hot and cold. T.- Your operating temperature range is going to be a little wider, you'll be a little more resilient.

ON MYTHOLOGICAL CREATURES BEING REAL- Werewolves, yes they are real, we prefer to call them Pherantropes. There is various forms of shape shifting in which a being can form a body that is in between stages, I guess you could call them the Pherantropes, and the Weirs and Vampires do exist, some who drink blood, some who feed on the energy of others, maybe because they cant produce it on their own for whatever reason. Gnomes, faeries, those usually fall under the Fae kingdoms.. they definitely exist. Gremlins, Yup!

ON HEALING MODALITIES ON 4D- T.- Whatever holistic healing modality you are doing now is useful for people now, so don't stop yourself from taking any new training. S.- Also holistic and other energy work is still used in the higher dimensions. So its a good idea to continue to study them now and expand your base of knowledge in any "alternative", Holistic forms of healing. (All are needed in the higher dimensions and much more teachings will be provided to those who are interested in the Healing craft.)

ON TYPES OF TECH. THAT TERRANS REVERSED ENGINEERED FROM OFF-WORLD- S.- Laser tech., fiber optics, Internet, faster than light travel, some fabrics/materials, anti-gravity, over-unity devices which is sometimes known as a "free" energy device, which is a misnomer as all a over-unity device does is connect to the source field. Nikola Tesla energy devices were but one form of this type of "free" energy devices that PUT OUT more than was put in. It's not making something out of nothing, there is something there! Source! (Teslas coils were buried in the ground.)

ON GETTING TO THE SILVER LEGION- T.-Its all about your INTENT, and your ability to focus and maintain that "directionality" (desire-intent to GO to SL) because there is no co-ordinates for the SL as the astral plane shifts around constantly, so I cant draw you a map. Use can your focus and intent to get there in a few steps or it can be a long winding journey, try not to get too distracted by things along the way. There is no protocol for entering the SL. You just show up say "hi-I'm interested in joining..," and they will talk to you more there.

MAKE SURE YOU DO YOUR 3 TIMES CHECK OF ANYONE YOU MEET, ESPECIALLY IF THEY ARE CLAIMING THAT THEY ARE SILVER LEGION. Make sure they are not someone trying to pull a fast one on you! Look out for yourself, bring your guides along, travel in a group, and have fun!

ON HOW THE ARENA WORKS- T.- The implementation of the arena is a trade secret of the SL! The arena allows you to experience, remember and DO stuff without actual hurting yourself really, so if you get your bottom kicked in the arena and you "wake up dead" in the arena ready room, kicking yourself over whatever mistake it was that ended you up dead! But fully able to remember and able to keep the training aspect of it an improve your combat knowledge base. We developed it for our people to have "live-fire" exercises training without having to resurrect them and send them to the healers. We based it upon the concept of "fragmatches" (1st person shooters games here) The Boffens????? helped us develop it from there to adapt the tech. into a viable way to train our people without putting them at risk. Since the arena was created it has proved to be a big hit with our ED allies as well! we have disseminated our tech amongst our allies, and it has been appreciated. (the Andrani adore it!) S.- Yes, the arena is also a good place to work out your aggressions with people who have been a thorn in your side for thousands of years!

ON IS THIS ALL FOR REAL? T.- Well if this is a scam then I'm not getting any benefit from it whatsoever. S.- When you consider that Star Trek IS based on real realities, Real ET's, NOT the other way around, (that our present "reality" is real and the Star trek Real reality is not! reptoids have distorted Us to not trust that our imaginations can tap in to very REAL things, outside their, the reptoids control.. hence why they did it. Believe, trust, know..) S.- Just go outside and ask for a light show and you will probably get one! T.- Have you ever tried to discuss something that you don't know anything about, its difficult to do, I'm able to discuss this stuff so naturally so fluently, and without having to resort to an obvious script, Because this is information that I know and LIVE! as for how one can experience (real reality) I don't know what your capacities are, when it comes to discernment you are going to have to look inside yourself, I cant tell you, I cant make you, I can't force an experience upon you, that kind of thing just doesn't happen. I will say that a lot of the proof is in plain sight and been hidden/obscured, or kept out of the discourse so that you dismiss it as the product of fakery, trickery with out actually allowing in, mentally, the reality that indeed these "sci-fi" realities are indeed REAL! When Tanaath started getting activated about her work, she lurked around on ATS (above top secret website) Now that site is a shill filled pile of whizzy -wig! There was plenty of convincing evidence there then, acme of it was in the mainstream just overlooked! So you know there are sources out there, you are going to have to do some searching its not going be handed TO you. Sooner or later, ALL will be self evident, but until then the onus is on YOU to do your own homework! (research) S.- If people want proof that ET's exist just look up the past 5-7 years of volcanic activity that has occurred on the planet, (almost ever single volcano planet wide has become active that was not before, and the rest are just increasing their activity!) If we were not getting ONGOING help from the ET/ED's we would all be dead from all the ash, smoke (VOG as opposed to fog) inhalation by now! Other physical proof is all the EQ's that were happening around the Iranian power plant, anyone who understands seismic activity damage scales would know that those EQ's should have leveled that place and it did not! T.- Anyone who has gotten this far into what Drake's radio shows.. and is STILL insists that the cabal are not real is consciously attempting to STAY IGNORANT. If they exist Why is it so "far fetched" that there are opposing factions?

ON MERMAIDS- T.- Mermaids do exist, they belong to the Fae kingdoms, and when we use the term Fae, we use the term "kingdoms" it refers to the animal kingdom, generally not an actual monarchy. There are also other extra-intelligent and extra-planetary species that are mermaid-like. S.- We use the term Aquatics, because there is a wide diversity, there is one species that looks like a cross between a squid and a whale. There is another Humanoid species of Aquatic that basically has just more fish-like looking eyes, small fin down the back of their neck, breathing slits below the ribs, and of course webbed fingers and toes! T.- And they are able to breathe on land as well!

ON THE ACTUAL Moment of our Bodies TRANSITION to 4D (PROCESS)- T.- The overall process takes a number of years, the point at which the body changes from 3rd dimensional dense matter to 4th dimensional crystalline fine matter WILL BE AN INSTANTANEOUS event! snap of the

fingers-change, That's IT! when most people are thinking of "the Transition" they are thinking of THAT moment, when our bodies change from 3D to 4D. But in reality the actual "change" itself is a PROCESS, Earth herself goes through a lot of preparation, which includes the activity in the crust/mantle of the planet, and the poles, which includes a change in the Schuman resonance, or the "hum" of the planet, that is continuing and will continue to happen after the Transition, it also includes changes in OUR CONSCIOUSNESS, changes in how we think how we approach/process information. A lot of us may find that we have been losing focus on the "day to day grind" in order to focus more on matters of Spirituality and progress, we are less interested in toil, and way more interested in actual PRODUCTIVE work. So YES, this Transition IS an ONGOING PROCES, the flip from 3D to 4D IS instantaneous! Whether it will happen when you/we are asleep I don't know, but from what I know when it happens it will be SIMULTANEOUSLY ALL OVER THE PLANET! Some of us will wake up 4D and some of us will be like.. "Oh, what? did anyone just feel that? What just happened there?" From what I understand "embodiment" is a factor in the Ascension process to 4D.

What is the limitation of any of the ascension of these beings, with regards to the cabals plan to reduce the world population? T.- Well, no what happens is that if those beings are not on this planet they go to 4D on their own or they decide to go opt for a 3D life somewhere else. But it might very well be that the cabal with their twisted misunderstanding of how all of this works decided to kill off all of us. Or as many of us as they could. The cabal are still trying to bring about the end of the world ITS NOT Going to work.. We are NOT going to let that happen. There IS no "end" to the World.

ON MASTERING OBE'S- T.- Okay first of all I don't astral travel all that much as I use a form of bi-location and "Sleep work", which means I go to sleep, my body goes to sleep, it is dreaming, if "I'm out of it"-(as in not in control of the dream.) in the dream I don't remember it, if I'm in the dream I do! I usually don't remember the dreams because I am out of it, but I usually get to bring memories back, not clear coherent memories like "what you did yesterday" its more like memories you remember from when you were five. (distant memories as THEY FROM A HIGHER DIMENSION!) So I cant really help you by telling how to Astral Project, because it is not something that I am really good at personally. If you are really interested in that ability, the older Robert Monroe work is really good. The present Robert Monroe institute, well its been kinda booby trapped and co-opted and all that. S.- Drake's book covers astral travel! T.- Plenty of techniques out there what works for someone, but wont necessarily work for you, find the one that does. Yes it is the same as an OBE, that is exactly what astral travel IS, is an astral travel experience, there is a number of ways to do this. If you not too good at the whole separation thing (the moment your soul is "separating" from the body,) Like me and "something" yanks you back in then you can practice lucid dreaming as a way to figure out to separate without going through the whole rigor morale (of "fighting" with your consciousness via its distractions- itches, electrical sensations, "zaps and slams" to get access to your astral full consciousness- the greater part of us, sub-conscious wins, gains control of the dream when it, You realize you dreaming WHEN dreaming, that is lucid dreaming, then you simply chose to go wherever you want from there.) There is many internet forums/sources of much more detailed teachings on lucid dreaming techniques, I am not going to recommend one source over another as what works for one person may not work for you!

ON ET'S FROM VEGA- Both T.& S. do not know a lot of information of the Vegans except to say that they are some of the pro-genitors of the some of the Sirius A races, Dakote, African americans, Amazonians. The Vegans were one of the first founding races of this galaxy, they were first here with the Lyrans. The Vegans are members of the Andromeda council, I don't know directly if they are members of the GFOP or not, I do not think so though. I also do not have any direct information regarding how much or if at all they are helping with the liberation process of Terra. They are not part of the group I work with on a daily basis so it is hard for me to know what their activities are.

ON GFOL- S.- Yes, they are very negative in their effect on the people who follow it. The GFOL is an offshoot with the Galactic Confederation, which is where all the reptoids and bad guys are coming from! T.- Its part of a specifically created apparatus designed to (set up to compromise) soften up Human civilizations, and NOT JUST TERRA, but all Human civilizations.. these broadcasts are being sent to a number of Human planets, not just earth. S.-Yes they are a form of mind control. T.- And I don't want to discourage anyone that wants to help out, anyone who wants to fight for the Light- LOOK AT THE MESSAGES- LOOK PAST THE KEYWORDS, they are there to trigger you into thinking its all wonderful and good, look past the triggers that are there to program "acceptance" (of the programming they want you be! Not your choice- except it IS, you can NOT read them!) and LOOK for what IS truly being SAID! GFOL often imply that there is NO WAR WHICH IS A LIE. They imply that we here on terra have done this to ourselves which we know is a lie, they imply that everything else in the Universe is peachy clean, which is a lie. They use the terminology of "invasion" and repeatedly threat to "invade" on numerous dated occasions. (that the Liberation forces, AC, GFOP have worked hard to prevent.. none have happened) A very curious thing happens when you go to speak out on the GFOL, you get flooded by people who attack you! quite violently with their words making death threats often, not the actions of somebody who is of the Light! There is a difference between a legitimate complaint with back-up, evidence, demonstration, as opposed to just slandering. And ad hominine attacks designed to silence (shut down people) We have noticed in a lot of communities that start up to do this work, that when the group of people come together, there is a TACTIC that is a saturation tactic, WHEREIN THEY (CABAL) BRING IN THIER People AND DOMINATE THE DIALOGUE, somehow- so its all about the GFOL, or they cause chaos with rapid fire of widely ranging topics.. this TYPE OF ATTACK IS A HOSTILE MOVE, IT IS A ACTUALLY A BATTLE MOVE (stratagem wise its an attack against our morals!) They want to squelch any true discourse of TRUTH! I know Universal Voice has had issues with information saturation attempts of these groups.. and (probably will continue) IF YOU ARE A GENUINE LIGHT WORKER I SUGGEST YOU GO IT ON YOUR OWN INSTEAD OF TRUCKING ALONG WITH THEM!

ON ALEX COLLIER, HANK- THE TAU CETIAN- T.- Hank does not like to discuss that time (when he was incarcerated, tortured here.) He spent 3 years in captivity in which he was treated very poorly after which he died from a combination of his wounds and bad medical care, no access to sunlight and no love! When he died our superior officer had to be restrained, as he was prepared to come in guns blazing! Hank was restored by his people and he is back with them, and he does not look as described in that account by Alex, he has the pointy ears and the Mediterranean tan skin, his hair is definitely more vivid and his eyes are definitely not brown or black, he is actually part of our team, we will use the name Hank, but he does not use the name Hank., he is doing really good right now, doing again what he was before. The two crew members who were killed with him were also recovered, because it was just their 3D "shells" the body interfaces they were using to interact with Terra, it was not damaging to them! so they have been recovered, and restored to duties and they are also doing fine. Hank is a great guy, I love having him around, he has a very interesting opinion on a lot of things considering he actually spent a long time down on Terra. But yes he is a real being, and he wouldn't mind some payback! S.- The Tau Cetians are a positive race, they are the lead planet for the federation, they are pretty advanced, they are like 1.2 to 4 billions years ahead of what is known here on Terra! including the knowledge base of Terran black ops. (..so its good they are good..) T.- Culturally speaking they are very friendly and curious and also absolutely notorious for being CUDDLY (Awww!) T.- possibly the lack of hugs is what did Hank in. (Sad!) S.- And their hair color eye color ranges from every color of the full spectrum that you can imagine, including some shades that are here on Terra, they are all tanned skinned, and that kind of ranges in shades too. As far as their culture goes they Love Art, they have a military, they love wine although they cant become intoxicated, so they are drinking it for the enjoyment. They opened that Rollercoaster

amusement park on their home planet of Tau Ceti which shows how much fun and entertainment that they like to have!

S.-The Vulcans from Star trek were actually based on Tau Cetians.

ON WHO IS LUCIFER- Lucifer was one the original Creation Beings that was brought into this Universe to help handmaiden Creation, these beings are generally referred to as being the Lesser Gods, of the classical Gods, He was another one of them. He took the fall for some pretty major stuff, that he was not actually responsible for, and as a consequence his name has been smeared big time. And that whole name is a trigger for a lot of people, so I am trying to not offend people's sensitivities here.. but "this is not the droid you are looking for.." this is not what it was claimed to be...that whole story eventually will come out. Now is not the time because there is still so much programming involved

in people for them to even grasp what has happened. Just know that Lucifer became the Universes biggest "fall guy" for somebody else's crime. S.- The other is Azazel, who was made out to be a "demon" by the reptoids when he is actually a Fire Angel!

ON COLLOIDAL SILVER use in 4D- S.- Yes. T.- Colloidal silver is a really healing substance no matter what dimension you are in!

ON KERRY CASSIDY INTERVIEW with Michael Prince, Max Spears regarding a story of "marduk returning" T.- It sounds like a bunch of fear porn even without having read it. S.- I have a friend of mine that knew him personally, they said he really needs a lot of help and is full of bull. S.- the planet maldek and marduk have been dealt with, as their planet got accidentally blown up!

ON WHY THE USA IS IGNORING THE US CONSTITUTION- T.- They are ignoring it as they think they have gotten to a point where they don't have to (respect it) , AND WE INTEND TO SHOW THEM OTHERWISE, NOT ONLY THOSE OF US IN SPACE, BUT THOSE OF US DOWN HERE ON THE GROUND! Right Drake? D.-You got it!

ON HOW SUNFIRE AND TANAATH CAME TO DISCOVER WHO THEY ARE, in all of this- T.- well I

suspected I was not all that normal from child hood, simply because all these things considered normal in society I just did not get, understand at all. I mean nowadays they would probably call that aspergers'... honestly I think a lot of people with asperger's diagnosis are actually incarnates. Because I was operating from such a completely different framework, so that society did not match the world I was in. I came awake in the general sense to what I was at the age of 16, it was a very interesting time to say the least. As time went on I got more and more aware of just who and what I was and of the situation, then I got a "kick it into high gear" activation at the end of 2011 when I was getting very powerful inner driving's to get involved, and find out just what was going on and that is when I chose to bring the SL which had been around for a long time already, into the fray so to speak, and I was the only one qualified to do this as I am the Prime Commander as it was only in my seniority to make that call! S.- Growing up I always knew I was different. Only a few years ago my brother actually came down and visited with me and that was unexpected but a very positive experience, and its been a wild ride since then and I would not change one minute of it for the World!

ON DEATHS IN HIGHER DIMENSIONS- T.- Suicide is very rare. Accidents happen but again they are

fairly rare because most of us have the ability to get ourselves out of that kind of trouble. You are not going to find degenerative diseases of that variety at all. IF IT IS A BACTERIAL OR VIRAL BASE DISEASE IT IS USUALLY BEEN INTRODUCED AND USED AS A WEAPON. (for now Colloidal Silver Folks!) In that case there will be people there to help cure it. When it comes to your natural lifespan unless you are a warrior, you will live out your natural lifespan. Now Warriors we like to get in the middle of it, so our lifespans are significantly shorter.(laughing)

ON average LIFESPAN OF TAU CETIAN- S.- 20,000-30,000 years in 5D, however if you are in the military then its more like 3,500!

ON HOUSING IN 4D AND MORTGAGES- T.- There will not be mortgages, at least not for very long you don't change financial things overnight, there are some things that can change overnight but our plan is to change things over a period of 10-15 years. When it comes to the ownership of property that is not something we do, its not necessary.

ON FREE WILL-YES, you cannot be mind controlled unless you want to be. In order to resist mind control you have to be aware that it is going on! Once you become aware that it is going on it becomes easier to resist, some people are spontaneously more resistant than others, but YES Free Will is real! IT IS ONE OF THE THINGS WE HAVE BEEN ENSURING HAPPENS HERE BECAUSE THERE HAVE BEEN THOSE THAT HAVE CHOSEN TO TAKE IT AWAY! WRONGFULLY IN ANY CASE!

ON THE DRUIDS- T.- 5 and 6D and from the Pegasus system constellation.

ON HOW A NEG. SOCIETIES' FUNCTIONING- T.- A good idea of how a negative society operates go pick up a copy of Andre Saladores Dwarves of Dwarden series. The book that deals with the "underdark" and you will have a good idea how a negative society runs in any dimension.

ON RNA DROPS, ION BEING- S.- Ion is a Ai being run by the reptoids. T.- Don't fall for ANYTHING THAT CLAIMS IT WILL "HELP" YOU ASCEND! You don't need it!

ON REPLICATORS recycling functions and how they work- S.-So for dirty clothes you have a matter recycler and with dirty dishes you put it back it the replication push a button and it de- manifests! They work on a sort of a over-unity device so its not exactly storing energy and matter-it is tapped into the Source field and it creates out of that! T.- And when it comes to clothes imagine a world where all your clothes fit perfectly!

T. ON 4D WEAPONS-Are there weapons in 4D? (T) yes but limited use, mainly hand to hand combat in war, medieval style weapons is favored, force lance, phasers and laser/ray guns exist

T. ON ARCHITECTS IN 4D-Will architects be needed in 4D? (T) yes but they have better software programs that link directly to replicators, considered an art form in 4D

T.S. ON TRANSPORT IN 4D-Will cars fly and will we have interplanetary travel on a personal basis? (T) yes in scout craft and shuttles (S) shuttles run frequently on trade and tourist routes (T) doesn't think personal transportation will be like we are used to. (S) for guides see Star Trek 95% of it is based on facts and reality (T) Star Trek also a guide to the different humanoids (S) human form is the oldest creation

S. ON 4D SKIES-Will day and night sky look different? (S) yes but will be much clearer and prettier, sky in higher dimensions is a deep blue.

D. ON TERRA/GAIA'S NATURE,INTENT, PROCESS When we transition will Gaia go back to wars and masculine control? (D) No Gaia will not, we are just moving out of the physicality, will loosen society up to working for the betterment of each other, less competition issues (T) cycle is also a spiral and so not necessary to go back, the masculine domination idea is falsehood created by Draco reptoids

ON HEALING ARTS-Will healing arts still be needed in 4D? (S) yes very much so

4D ABILITIES-Will I have ability to fly? (S) levitation flight possible in 4D (IF GENETICALLY AVAIL.)

ON WEAPONS-How common are energy weapons in space? (S) very frequent (T) ownership of personal weapons is not legislated, everyone has the right to self defense

ON DEATH-When we die do we go back to source? (T) no, next dimension or holding pen, higher dimensions, go back to source and then you are returned, how long depends on you, good and bad go to source.

Can we be calmed incase we freak out on seeing our dead friends and relatives? (T) there energy will calm you, they will not look like you remember as they have been returned to peak condition and look around age 30, younger ones will be same age but in peak condition also.

HEALTH-Are we being worked on during sleep to aid healing and transition? (S) some ET's do medical healing on their incarnates (T) be careful of who you chose

ON RELIG.-Why use bible and not torah or Koran in your shows Drake? (D) many things are applicable according to cosmic law, the ones who wrote all the books slipped up and added some truths in them, most of them is purely falsehoods.

Comments on Stephen Greer (T) he does good to press for disclosure but is profiteering too much, cost of seminars prohibitive to most, Alex Jones does good but his way is too much fear based, Bashar the same as Greer

Comments on religious structure and Jesus (S) The being known as Jesus is an extra dimensional being, hatred of gay stem from reptoids who created Christianity as a form of control, also gay race androneys beat them in war.

(S) The being known as Jesus is an extra dimensional being, hatred of gay stem from reptoids who created Christianity as a form of control, also gay race androneys beat them in war. Androneys are genetically homosexual and it was they who introduced it to Terran (T) Jesus or being known as Jesus was not 1 person, but deeds formed by many, it was a small invasion of incarnates to help Earth, but there messages were prevented from continuing by others who piggy backed their ideologies onto the messages.

ON GORDON DUFF-Gordon Duff stated that anyone who thinks aliens are good are completely wrong, is this right? (S) Duff has lots of good intel but this is wrong, it is as wrong as Stephen Greer and Dolores Cannon stating all ET's are good (T) message is horse hockey and disempowering (T) aliens do exist, there is good and bad, 1000's of them exist on multiple dimensions and universes, parallel universes, spiritual dimensions, incarnated into us, some do want our stuff, some don't and some are neutral, many have alliances, aliens interfering with us because we descended from them, interfering is coming to an end.

ON HOLOGRAMS-Explain holographic inserts? (S) it is like taking a piece of a puzzle and placing into another reality
