

## **Drake, Tanaath & Sunfire July 3th**

Drake: some people do not realize the importance, depth, knowledge contained in this show, some of it cannot be answered though due to ongoing operations.

More people need to wake up and stand up so we can end this situation sooner, look at Egypt and note it was a peaceful transition.

People need to understand that an introduction to ET's is coming, and people need to get themselves prepared for that, but only after removing the obstacles.

Tanaath: Wanted to set record straight after issue on Facebook page about Bashar in particular case but channeling in general, channeler or channeled entity neither can be trusted and is best avoided, because it is a form of possession with can be used by negative entities, you can never trust anyone 100% whether that be me, Sunfire, Drake, Wilcock or any of the other people we love, use YOUR discernment.

All channeler's must include some elements of truth and therein lies the issue, pull you in and then hook you at the end.

Intent on behalf of all of us can alter the way things happen in the outside world, you focus on fear and that is what we get, so focus on positives.

\*Will we all live under common law after cabal removed? (D) yes absolutely.

\*People don't have sufficient power so is Military going to act and remove cabal? (D) see what happened in Egypt, if 20-30% of the people USA did the same, we would get the same results.

\*Are there wormholes in our sky? (T) sky not so much in space yes, wormholes are to be avoided due to gravitational pull, what people maybe seeing are portals, lots of different ways to get from Point A to Point B.

\*What is best defense against energy and neural attacks in ones home? (T) shield against this personally, using your own personal power (this is covered in depth on 06/19 transcript) believe in your own power for better results.

\*Had dream where it was said that dimensions were energy echoes, is this correct? (T) likely (D) yes in all likelihood that is correct.

\*Where does most of the visiting ET's come from? (T) all over, within this system, neighboring star all of which inhabited, we cannot see there planets due to holographic shielding to hide them, other universes and dimensions.

\*Contact experiences as child found out that they were Arcturian? (T) couple of inhabited planets in Arcturian system, one of them is tall humanoids 8-12ft, slender, thinly built, almost ethereal, very nice, loving, tender and caring. Good with weather and crust mechanics

\*What is correct procedure when meeting ET's? (S) do not stick out your hand or hug, duplicate the same greeting as they do, let them initiate greeting, be honest.

\*Seeing white sparkles around me? (T) no idea with out visual, (S) possibly seeing inter dimensional, seeing shifting energies

\*Seeing craft in skies after I asked for them, are they good guys? (S) when asking you must state positive entities to show up.

\*George Kavassilas we are all creator beings is this right? (T) in principle correct, but you are not here to trump out source, you are here for experience.

\*Will we have better muscles and have better athletic abilities? (T) yes, conditioning stays the same, no atrophy or decay, if you master peak physical on 4D you will not need to train to keep that condition, matter is lighter but less dense, Tau Cetian 3-5 times faster and stronger than average Terran, you will only need 2-3 hours sleep in 4D. Brain has more capacity.

\*Name 3 different economic models in 4D? (T) not well versed in economics, trade different and not necessarily based on economics, not many have financial model, different values

Tanaath's dragon group considers diamonds as crunchy snacks only!! as they eat rocks. (S) more like a barter trade system

\*Are there female Draco reptilians and what rank are they in wars? (T) all females kept back for reproductive purposes mainly, Tanaath has never seen a female reptoid (S) females rarely seen outside of hatcheries (T) suspects females are not given a choice, a very repressive social system

\*Was German Nazi's infiltrated by Draco reptilians? (S) No, originally started working with the Alderbarans, until Germans went after the Jews, Alderbarans dropped them. What was later discovered that the Nazi's had been infiltrated by tall grey's from Andromeda Galaxy and then things turned for the worst (T) not to mention cabal ties, we don't call it the Bush/Nazi faction for no reason.

\*Are fictional characters real because we imagine them or are we able to imagine them by tuning in to their frequency? (T) the latter, we imagine because we are able to tap into something that exists.

\*What is Tanaath physical form when you are in astral with SL? (T) usually operate in her 1/2 dragon form, which is humanoid with tail, claws, wings, horns, when not in that form I shrink myself to around 30FT long because it is a lot easier to go through doors. (S) mainly uses human form

\*What is closest planet you know that has transitioned to 4D and has it disappeared from view? (S) Probably those in the Alpha Centauri trinary system or Procyon, which the most recent, would have to get amateur astronomer for validation of planets around a star as mainstream lie.

\*What happens to your human body here if you are injured in astral realm? (T) gets aches and pains the next day, one of her generals incarnated her tells her at great length her ailments, Tanaath has had one wing blown off, lost limbs but you don't lose your human versions, able to regenerate very fast, pick it up stick it back on and all well again a few days later, if nothing much to stick back on it will grow back itself. Wing injuries correspond to human back pain. (S) only goes dimensionally not astral, and often wakes up with bruises etc, if you focus on it you will get answer as to how you obtained injuries.

\*Read report from NASA about killing all Americans and planet wide, is Obama a light worker? (T) the document is interesting but not happening, Obama remember he is just a puppet, victimized to a degree but not necessarily clean either, and it is difficult to get mad at a CLONE.

\*Can a 4D touch a 3D being and if yes what would it feel like? (T) can feel ghost sensation, most 4d not able to manifest a 3D body, if manifestation technique not good then the 3D person will feel the emotional presence but not the physical sense. (S) her experience very similar, depends of individual initiating contact, she can feel the pressure of some and can feel the outline of them, but others not. (T) basically your ability to sense, the other being to project, and your resonance between the two of you, the great rapport the better it is.

\*Regarding weaponry and other technology for self defense, will we be refused this technology incase we turn against ET's? (S) 1st things released before any ET technology is released, is the suppressed Terran based stuff, may hand over replicators but majority will be Terran based, (T) GFOP believes in right for self defense, lots of different methods for self defense, new weaponry will be available, but only after you have had sufficient training on how to use them.

\*Obama, Bush & Clinton being in Africa to pay respects to Marduk, is it true? (S) possibly, but as far as Annunaki returning, they will NOT ever be coming back (T) if you do they are likely renegades are not affiliated with Annunaki (S) no chance they will get past GFOP though, so not happening.

**This completes first hour of the show**

\*Source field is infinite

\*How do replicators work? (T) but you can also manifest what you want with intent along with source field to produce something

\*Curious about parallel universes, alternate timelines? (T) yes they are real as real as the primary, but you can only perceive a subjective experience of one at a time, a person can move around to an extent within timelines, minor shifts a lot easier the greater shifts.

\*How are adjoining universes detectable from our prospective? (T) they simultaneously touch all other universes and any one time, doesn't know if it is possible to catalogue all the neighbors, as it is very transient at any given time (S) fluidity of creation makes it difficult to keep up with who and what's there and who is not.

\*Are grey's 4D beings? (T) Grey's 4/5 and 6 dimensional, highly self serving, mainly negative although some neutral, callous (S) grey's parasites

\*What are the white pods the Galactic Federation mentions? (T) Don't get into them, anybody trying to sell you something you already have, is not working for your best interest, anyone telling you, you have to buy or do something to ascend is lying, to ascend you just have to be here, I wouldn't get into any spaceship unless I specifically know who is piloting the craft. (S) I cannot emphasize enough the GFOL are not positive, they are evil and they are trying to fool people (T) It is a reptoid front organization, that is used to take over human 3D planets, there is a reason these get the same message at the same time, as it is broadcast from same source, don't fall for it. (D) sounds like msm

\*Would you equate wanting to live a 3D life, with living an egocentric existence and exploiting everyone? (T) No, that is a negative life (S) it is more regressive because having met and seen some negatives ET's, that are actually some decent people, including Tanaath's general (T) yes my general is a complainer, very negative that does positive work (S) fleet commander of the Federation, who has some of his friends are negatives, we call the rat people because they look like, night fire people from Andromeda in Gene Roddenberry series (T) what your talking about walking all over people that is not a 3D thing, that is a product of just abhorrent behavior associated with negatives who are evil, but not all negatives are evil. (S) regressive is a better term

\*Timeline jumps (T) yes hearing lots of reports recently and a sign of the shift

\*Are all reptilian shapeshifters been removed from power now? (T) No, still some in power unfortunately, be careful not all are shapeshifters, a lot are just cabal bloodline members who have reptilian blood, but not shapeshifter. Most shapeshifting stuff is not real and is just a breakdown in the hologram.

\*No 6th sense abilities or recollection of past lives except one incident, I am at beginner level of spiritual awareness or are they suppressed? (T) the latter is more likely, only you will know that

\*At moment of transition will our bodies cease to exist or transmute at cellular level? (S) they will transmute at molecular level than cellular, Tolec has more info on this

\*50% will leave or die at transition, what happens to people left if most people who leave may have important jobs? (T) one of the reason they want to land to avoid nasty surprises, infrastructure will be maintained, nuclear plants have to be removed, the people who leave do not vanish, they will be physically be able to walk off the planet to a new 3D planet. (S) some folks still have more lessons to learn, so that will be there choice (T) new 3D planet will be more paradise, no cabal, evil, reptilian, grey's or other stuff controlling you (S) when the planet transitions there will not be a 3D Earth left, planet only is transitioning, not the entire solar system or galaxy, just Earth.

\*Mom died 2000 I saw her 3 years later but not since? (T) mom might have enough power to manifest or you may not be able to receive or view (S) environmental conditions can be a factor particularly on ethereal level, magnetic fields can be a cause of blocking

\*How Tolec stated that January 2014 is definitive date, how can they be sure and it is not some other cosmic event? (S) the transition is the cosmic event in itself (T) we have no idea how they came to that conclusion

\*Many bees have already ascended, where have they ascended to (T) yes already there and habitable, when crossover happens it helps there have been forerunners, Earth already part 4D, full changes will occur at mid point when 3D to 4D.

\*What chances of having govt reset and ET Disclosure this year? (T) I would hope so (S) impossible to put time frame on anything (D) there are 3 resets govt, financial and transition, possible between fall 2013 to spring 2014, financial is ready to pop.

\*What will happen to all the wealthy people compared to the poor in transition? (S) federation will make sure wealth is fairly redistributed before any change (T) this is not socialism or communism, this is communalism, everybody's needs are met so they are free to choose what they want to do with their life.

\*What happens if you die now in 3D? (T) a lot of things claiming angels of death that may not fit the bill and not real, I usually kill them and say Ha Ha your not the angel of death now are you. You can die in 4D you will go back to Source at that point. Death experience on this planet has been tampered with for last 26K years, 3D suppose to be like any other death, you had a higher beings who came here and were tricked into it, normally would resume life after death as normal, but our prevented because of the soul trap, a lot of natural humans have been born into the soul trap and are experiencing repeat re-incarnation here and not evolving, but now the trap has been removed.

\*What would happen if a 4D body on a 4D planet, are we able to manifest a 3D body and visit a 3D planet? (T) yes you are able to do that, you would have to travel to that 3D planet.

\*Spirituality ok in 4D? (T) yes ok but not priest, more sages, mages etc and teaches in a different way than down here (S) most spirituality talked about here is through channeling and is fake, Vassaius has the best verse is "the love you withhold is the pain you will carry (T) every man and woman has two wolves with them, one is the negative showing anger, fear, jealousy, greed, rage, the other displays all the positive love, happiness, peace, serenity, acceptance, so which one wins? the answer is the one you feed.

\* People in 3D are practicing ascending to 4D like in Tibet, what happens and do people in 4D do the same? (T) there are those that do it, and one of the few ways to escape the soul trap, impossible to break through soul trap without doing some of your inner work, yes some on higher levels do it to ascend faster, just as easy to wait until you die and then be born again into a higher body (S) being higher dimension doesn't mean everything is better or you are having a more positive experience (T) it is not a race, each dimension has it's own trials and tribulations, it is not a contest to be considered you are a better being the higher you go, all comes down to preference of the experience.

\*Were Billy Meir contacts real or hoax? (T) some were real (S) some were hoax

\*Will people leaving to new 3D to new planet being given healing so they live longer and will we retain hormones? (T) you will retain some biological processes similar to hormones, everything works as it should (S) yes we will be healed and most 3D live to 1000-1500 yrs, 4-5D is 10,000 up to 25K and even 30K years, exceptions is the immortal beings 123.07
